PATIENT CARE FEES 2026

Comments

Patients covered under a Canadian provincial health plan (e.g., OHIP) and/or private health insurance do not pay up-front costs for Dr. Jedrzejko's care. Please bring your personal health insurance details including your OHIP card to every appointment.

However, our clinic does charge patients for late cancellations (<48hr workday notice) and no-show appointments, as this means Dr. Jedrzejko is unable to fill your spot with another patient in need of care. Late cancellation and no-show charges are based directly on OHIP billing charges. Missing appointments at the hospital is costlier than missing an appointment in the clinic. This is to ensure equitable resource use for all our patients. We also charge for doctor's notes and completed physician forms provided in clinic.

Additional Fees

<i>Item</i>	<i>Fee</i>
New consult appointment*	\$114.75
Follow-up appointment*	\$56.40
Procedure (e.g., surgery, endoscopy, minors)*	\$150.00
Letter for employer/school	\$25 + 13% HST (\$28.25)
Forms for employer/school	\$75 + 13% HST (\$84.75)

Payments may be made via cash, cheque, or etransfer (info@drjedrzejko.com) and due 30-days after request. A receipt can be provided upon request.

*Late cancellations refer to patients cancelling pre-confirmed appointments within <48hr of preceding workdays. No-show refers to patients not arriving for their pre-confirmed appointments.
