Post-Endoscopy Info & Instructions

You're done your scope!

Thank you for undergoing your upper GI scope (i.e., esophagogastroduodenoscopy or EGD) and/or lower GI scope (i.e., colonoscopy, flexible sigmoidoscopy).

What should you do in the first 24hrs?

- Resume your regular diet & medications unless specifically instructed.
- Resume all regular activities.
- Your bowel function should return to normal after 24-72hr.

Where do I get my results?

- Contact your family doctor or referring physician for the full endoscopy report, all biopsy/polyp results, and next instructions within 2-3 weeks.
- *Dr. Jedrzejko will call you in 2-3 weeks if you require a follow-up scope within 12 months (i.e., 1 year).*
- Otherwise, follow-up scope instructions will be sent to your family doctor/referring physician by Dr. Jedrzejko within 2-3 weeks.

When should you see a doctor?

- Excessive pain
- Excessive bleeding per rectum
- Persistent nausea/vomiting/diarrhea
- Difficulty passing urine
- Fevers/chills

Contact Dr. Jedrzejko if you would like to book an in-person or phone follow-up appointment 2-3 weeks after your procedure.
